rahulranjan.com.np | github.com/rranjanr

PROFESSIONAL SUMMARY

Growth-focused Digital Marketer and Full Stack Developer specializing in technical SEO, content strategy, paid social, and Next.js development. Built mydragon.us from the ground up and grew its organic search performance significantly within 90 days, including a 271% increase in clicks and a 325% increase in traffic from AI assistants like ChatGPT and Perplexity. Currently manage end-to-end digital marketing, including SEO, Meta Ads, Google Business Profile, and content, across multiple client accounts, while building production-grade tools in Next.js. Comfortable owning both the marketing strategy and the engineering behind it, with no handoff delay between finding an issue and shipping the fix.

KEY SKILLS

SEO & Growth: Technical SEO | On-page & off-page SEO | Keyword research & backlinks | Local SEO/GBP | Search Console & GA4 | Semrush

Paid Ads & Social: Meta Ads (Facebook/Instagram) | Google Ads (familiar) | Social media management, incl. TikTok | Campaign reporting

Content & Creative: Content planning | AI video generation (Higgsfield) | Graphic design | Video editing (Canva) | AI image generation

Full Stack Development: Next.js, React, Node.js, PostgreSQL | REST APIs | Git/GitHub | Hosting, domains & DNS (Vercel) | WordPress | Google Workspace | AI-assisted development (Claude Code, Codex)

Languages: Nepali (Native) | English (Professional) | Hindi (Conversational)

PROFESSIONAL EXPERIENCE

Director of Marketing & Technology

March 2026 - Present

Dragon Insurance Services — Camp Hill, PA (Remote)

- Designed and built mydragon.us from scratch using Next.js and Node.js, shipping 140+ commits across 100+ deployments.
- Ran a 90-day technical SEO campaign, growing organic clicks 271% (154 to 571) and AI-assistant referral traffic (ChatGPT, Perplexity) by 325%.
- Manage Meta Ads, alongside Google Business Profile, local SEO, and content.
- Ran a full Semrush SEO audit, benchmarking against competitors to build a 90-day growth action plan.

Digital Marketing & Full Stack Developer

March 2026 - Present

NetSecure360 — Camp Hill, PA (Remote)

- Handle SEO, Google Business Profile, and day-to-day digital marketing operations for netsecure360.com.
- Independently built an internal CRM/ops platform in Next.js, including a drag-and-drop sales pipeline (400+ prospects), staff and task management, and a full invoicing and billing module.
- Configured production email infrastructure and DNS (Google Workspace, Resend, Vercel), enabling the team to send from root-domain addresses.

EDUCATION

Bachelor in Computer Applications (BCA)

Graduated 2026

Tribhuvan University, Nepal | CGPA: 3.28
